DEPARTMENT OF STANDARDS MALAYSIA

DEVELOPMENT OF MALAYSIAN STANDARDS

The **Department of Standards Malaysia (STANDARDS MALAYSIA)** is the national standards and accreditation body of Malaysia.

The main function of STANDARDS MALAYSIA is to foster and promote standards, standardisation and accreditation as a means of advancing the national economy, promoting industrial efficiency and development, benefiting the health and safety of the public, protecting the consumers, facilitating domestic and international trade and furthering international cooperation in relation to standards and standardisation.

Malaysian Standards (MS) are developed through consensus by committees which comprise balanced representation of producers, users, consumers and others with relevant interests, as may be appropriate to the subject at hand. To the greatest extent possible, Malaysian Standards are aligned to or are adoption of international standards. Approval of a standard as a Malaysian Standard is governed by the Standards of Malaysia Act 1996 [Act 549]. Malaysian Standards are reviewed periodically. The use of Malaysian Standards is voluntary except in so far as they are made mandatory by regulatory authorities by means of regulations, local by-laws or any other similar ways.

For the purposes of Malaysian Standards, the following definitions apply:

Revision: A process where existing Malaysian Standard is reviewed and updated which resulted in the publication of a new edition of the Malaysian Standard.

Confirmed MS: A Malaysian Standard that has been reviewed by the responsible committee and confirmed that its contents are current.

Amendment: A process where a provision(s) of existing Malaysian Standard is altered. The changes are indicated in an amendment page which is incorporated into the existing Malaysian Standard. Amendments can be of technical and/or editorial nature.

Technical corrigendum: A corrected reprint of the current edition which is issued to correct either a technical error or ambiguity in a Malaysian Standard inadvertently introduced either in drafting or in printing and which could lead to incorrect or unsafe application of the publication.

NOTE: Technical corrigenda are not to correct errors which can be assumed to have no consequences in the application of the MS, for example minor printing errors.

STANDARDS MALAYSIA has appointed **SIRIM Berhad** as the agent to develop, distribute and sell Malaysian Standards.

Committee representation

The Industry Standards Committee on Transport (ISC L) under whose authority this Malaysian Standard was developed, comprises representatives from the following organisations:

Automobile Association of Malaysia
Department of Environment
Department of Standards Malaysia
Jabatan Pengangkutan Jalan Malaysia
Malaysia Automotive Institute
Malaysian Automotive Association
Malaysian Automotive Components Parts Manufacturers Association
Malaysian Institute of Road Safety Research
Marine Department Malaysia
Ministry of Domestic Trade, Co-operatives and Consumerism
Ministry of International Trade and Industry
Ministry of Transport
Motorcycle and Scooter Assemblers and Distributor Association of Malaysia
Motosikal dan Enjin Nasional Sdn Bhd
PERODUA Manufacturing Sdn Bhd
Perusahaan Otomobil Nasional Sdn Bhd
Polis Diraja Malaysia
PUSPAKOM Sdn Bhd
Road Safety Department Malaysia
SIRIM Berhad (Secretariat)
Suruhanjaya Pengangkutan Awam Darat
Universiti Putra Malaysia
Universiti Teknologi Malaysia

The Technical Committee on Motorcycles which supervised the development of this Malaysian Standard consists of representatives from the following organisations:

Automobile Association of Malaysia
Department of Environment
Jabatan Pengangkutan Jalan Malaysia
Malaysia Motorcycle and Scooter Dealers Association
Malaysian Institute of Road Safety Research
Ministry of Domestic Trade, Co-operatives and Consumerism
Ministry of International Trade and Industry
Motorcycle and Scooter Assemblers and Distributor Association of Malaysia
Motosikal dan Enjin Nasional Sdn Bhd
Polis Diraja Malaysia
PUSPAKOM Sdn Bhd
Road Safety Department Malaysia
SIRIM Berhad (Secretariat)
SIRIM QAS International Sdn Bhd

Committee representation *(continued)*

The Working Group on Electric Motorcycles which developed this Malaysian Standard consists of representatives from the following organisations:

Eclimo Sdn Bhd

Jabatan Pengangkutan Jalan Malaysia

Malaysian Institute of Road Safety Research

Ministry of Energy, Green Technology and Water

Motorcycle and Scooter Assemblers and Distributor Association of Malaysia

Motosikal dan Enjin Nasional Sdn Bhd

Roda Prestasi Sdn Bhd

SIRIM Berhad (Automotive Engineering Centre)

SIRIM Berhad (Secretariat)

SIRIM QAS International Sdn Bhd

Universiti Sains Malaysia

Voltron Battery (M) Sdn Bhd

Co-opted member:

IDIADA Malaysia

MS 2688:2018

Foreword

This Malaysian Standard was developed by the Working Group on Electric Motorcycles under the authority of the Industry Standards Committee on Transport.

Compliance with a Malaysian Standard does not of itself confer immunity from legal obligations.
